

INDUS VALLEY

Degree College

Strategic prospective plan for 2024-2029

Curricular Aspects

- Curriculum enhancement and innovation are prioritized.
- Student-centric learning is actively promoted.
- Efforts are made to build faculty capacity continuously.
- Regular feedback and a culture of continuous improvement are maintained.

Teaching Learning and Evaluation

- The college enhances teaching methodologies for improved learning outcomes.
- Faculty development and training programs are regularly organized.
- Technology is integrated to improve the learning experience.
- Personalized and differentiated learning approaches are encouraged.
- A system of continuous and comprehensive evaluation is practiced.

Research, Innovation and Extension

- A strong research culture is promoted.
- Faculty and students are engaged in research activities.
- Collaborative research programs are undertaken with reputed national and international organizations.
- Innovation and entrepreneurship are actively fostered.

Infrastructure and Learning Resources

- The college continually expands its capacity and improves infrastructure.
- IT infrastructure is upgraded periodically.

- The library is updated as needed, introducing new technology.
- E-resources in the library are strengthened for staff and students.
- Library reading spaces are improved to enhance the learning environment.

Student Support and Progression

- Alumni engagement is improved for better networking and support.
- Students are encouraged to participate in industry-sponsored projects.
- Awareness is increased on government competitive examinations.
- Students are made aware of scholarships through statutory cells.
- Regular reviews and counselling sessions help identify student interests and career paths.

Governance, Leadership and Management

- Efforts are made to obtain permanent affiliation.
- A campus management system is being implemented.
- Faculty development is supported by collaborations and monetary incentives.
- Gap analysis and strategic deployment plans ensure quality improvements.
- Faculty support is enhanced in accordance with new regulations.

Institutional Values and Best Practices

- Student council suggestions are involved in deciding best practices.
- Gender equity is promoted by addressing women and human rights.
- Nutrition and environmental consciousness are emphasized among stakeholders.
- Facilities for students are improved on campus based on need and feasibility.
